

CRYPTO TRADING FLOW

BINANCE SETUP MANUAL

Create a Binance account

- You can use our referral link to get 10% trading fees discounts lifetime:

<https://accounts.binance.com/register?ref=DWHURPU7>

- If you need guidance follow Binance Beginners Guide to help you start your account:

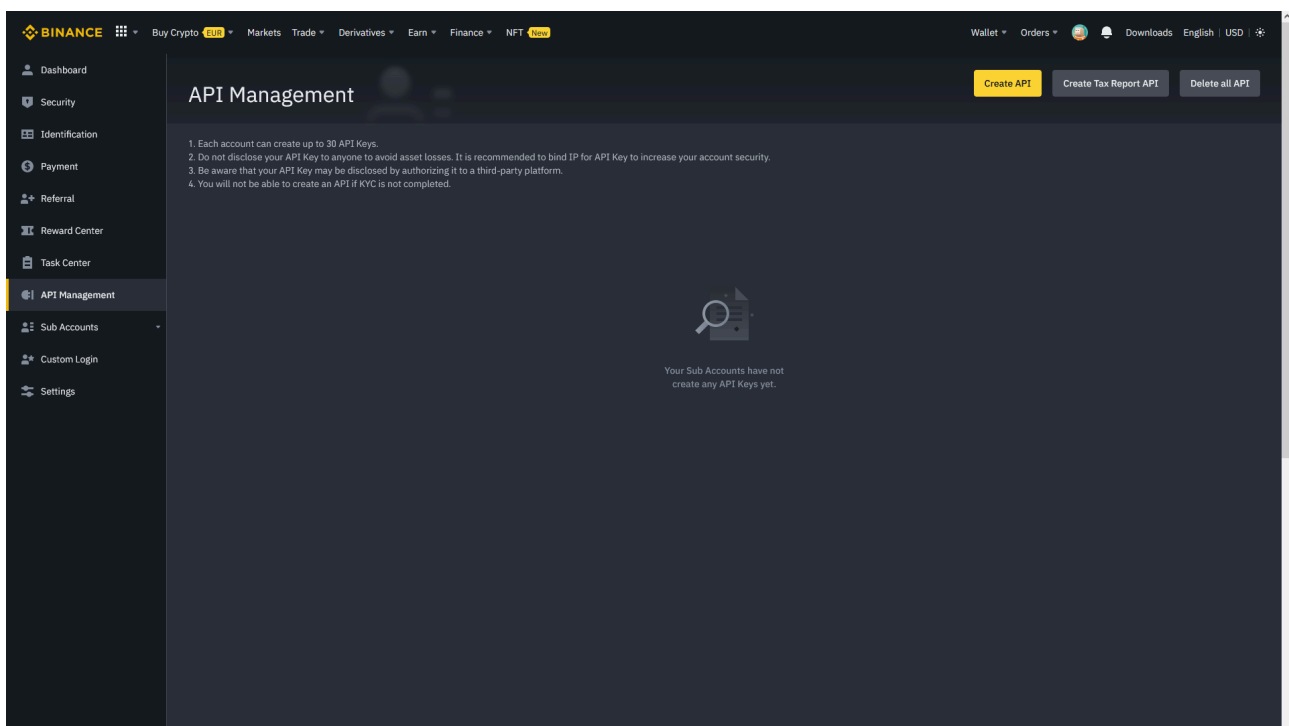

<https://academy.binance.com/en/articles/binance-beginner-s-guide>

Open your Binance Futures account

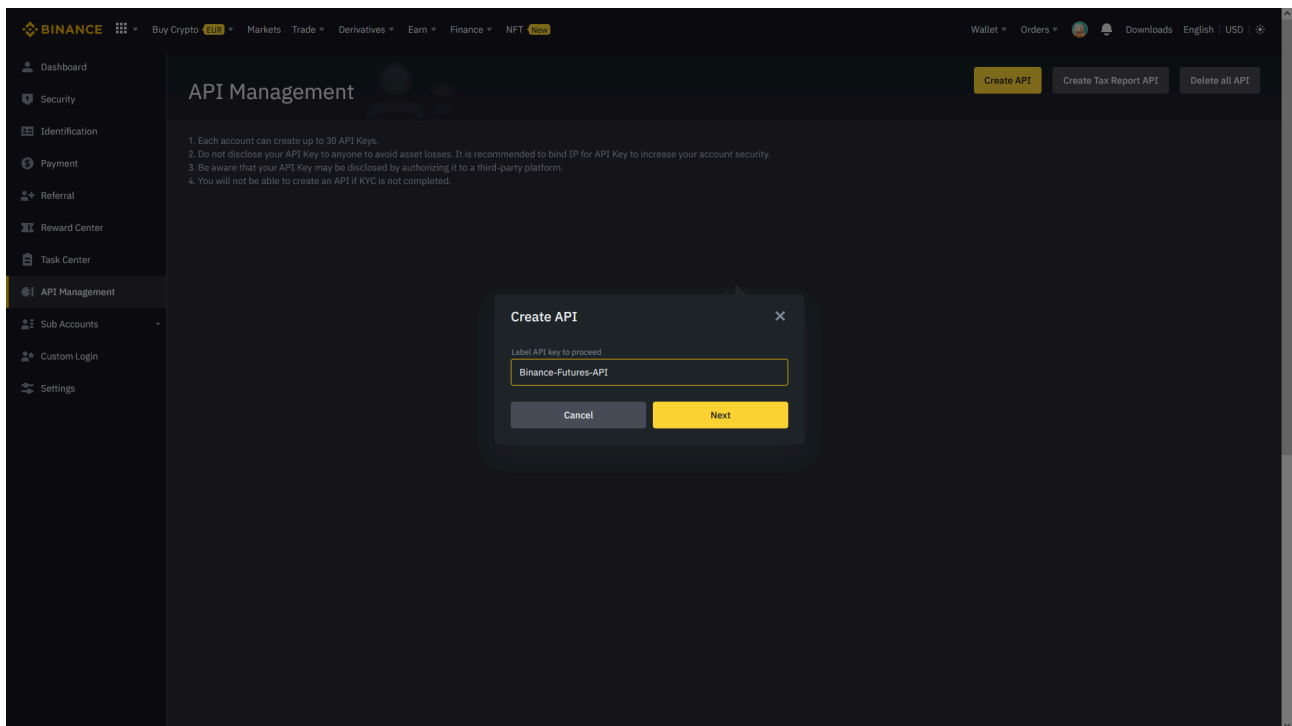

- You will need KYC verification to open your futures account on Binance.

<https://www.binance.com/en/futures>

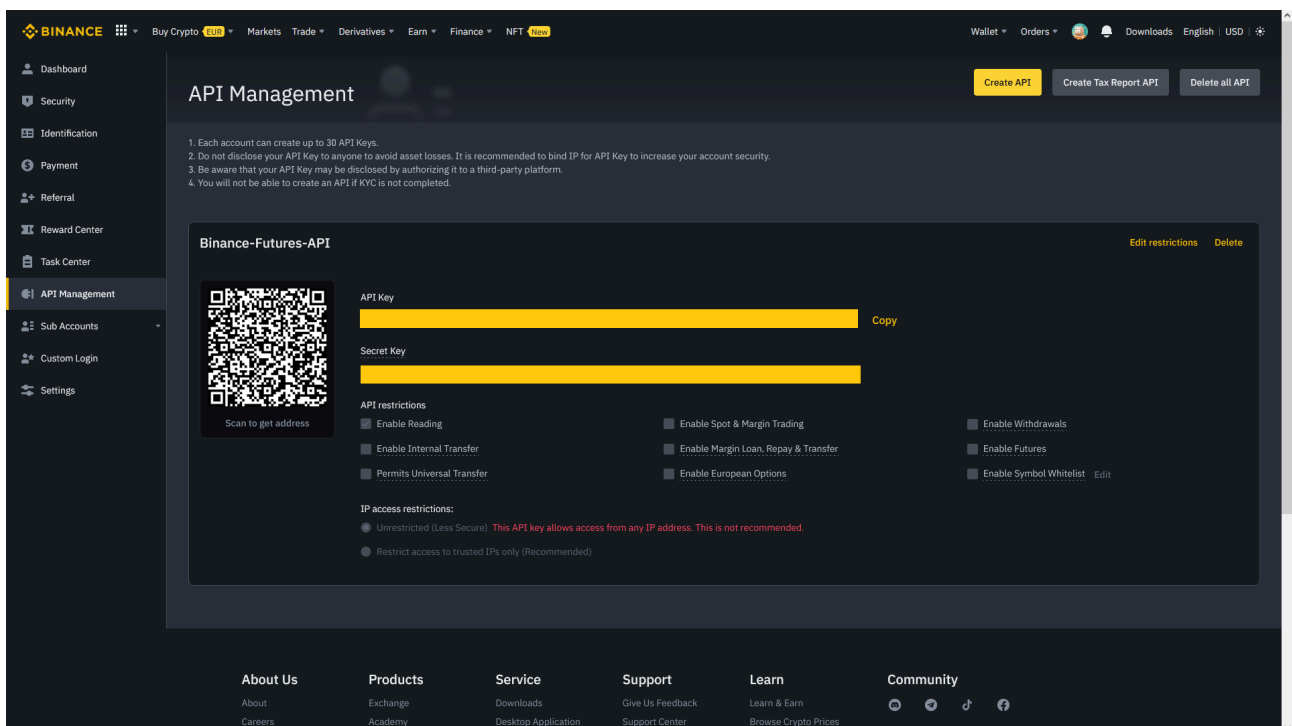

Create an API for your Binance account

- Go to your account page and select the API Management tab

- Click on the yellow button that says “Create API”
- Set a name to your Binance API, for example something like: Binance-Futures-API

- The API edit screen will appear with all boxes unchecked except the Enable Reading
- **Save your API Key and your Secret Key**, you'll need them later!
- Click on Edit restrictions

IP access restrictions:

☐ **Unrestricted (Less Secure)** This API Key allows access from any IP address. This is not recommended.
To protect the safety of your funds, if the IP is unrestricted and any permission other than Reading is enabled, this API key will be deleted.

☒ **Restrict access to trusted IPs only (Recommended)**

18.192.238.182 ✕ 3.72.69.97 ✕ 3.73.237.113 ✕ 3.123.194.221 ✕ More

When entering more than one IP address, please separate them with spaces. Confirm

- Select the option “Restrict access to trusted IPs only (Recommended)”
- You’ll have to type the following IP addresses (Copy & paste the IPs below):

18.192.238.182, 3.72.69.97, 3.73.237.113, 3.123.194.221, 3.64.161.58, 3.73.20.56, 3.65.142.177, 18.158.92.76

- You can check the following guide if you need help whitelisting Binance Futures IPs:

<https://help.wundertrading.com/en/articles/6866348-binance-ip-whitelisting>

API Management Create API Create Tax Report API Delete all API

1. Each account can create up to 30 API Keys.
2. Do not disclose your API Key to anyone to avoid asset losses. It is recommended to bind IP for API Key to increase your account security.
3. Be aware that your API Key may be disclosed by authorizing it to a third-party platform.
4. You will not be able to create an API if KYC is not completed.

**Only continue further if you have successfully opened your Binance
Futures account with the API setup**

Create a WunderTrading account

- You can use our referral link to get 10% discount on the monthly subscription lifetime:

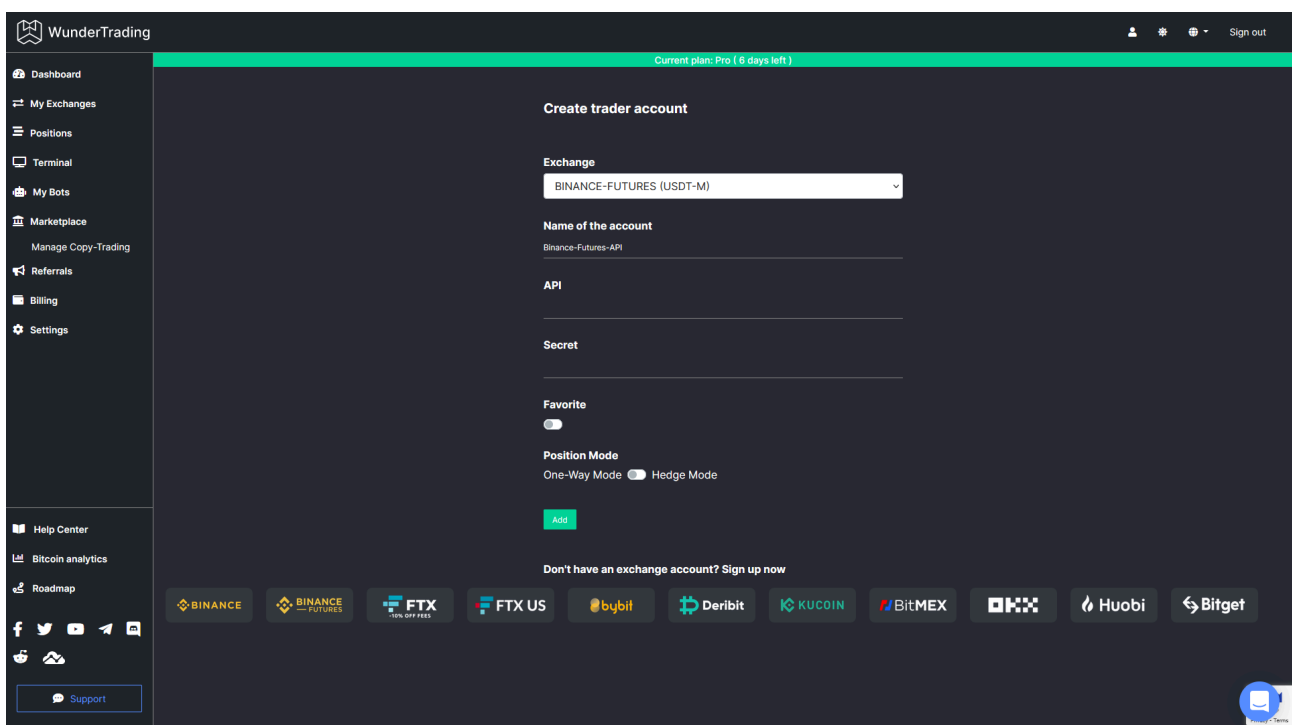

<https://wundertrading.com/en/trader/register?ref=wbt82e47df7>

Connect Wundertrading to your Binance account

- Click on the blue button that says “Connect an exchange”

Connecting to the Binance API

- Select on the Exchange Tab the exchange “BINANCE-FUTURES (USDT-M)”
- Give a name to the Wunder Trading Account, for example: Binance-Futures-API
- Paste your API Key saved from Binance in the “API” space
- Paste your secret key saved from Binance in the “Secret” space
- Position Mode is “One-Way-Mode”, don't change this!
- Up to you if you want to set the API as a Favorite
- Click on Add and everything is set

Wait until WunderTrading detects your Binance account and you should see your Binance Futures account balance in your Dashboard. If your balance isn't showing up after a while, verify you have your funds in your Futures account and not in your spot wallet.

<https://www.binance.com/en/support/faq/how-to-transfer-funds-to-the-futures-wallet-360033773532>

If you think everything is correct and still isn't showing your Binance account try removing the API and creating a new one.

If these measures don't work, talk to the WunderTrading support or the Crypto Trading Flow support.

Configuring your Binance Futures account settings for the BTC/USDT pair

- Under the Derivatives tab select USDⓈ-M Futures

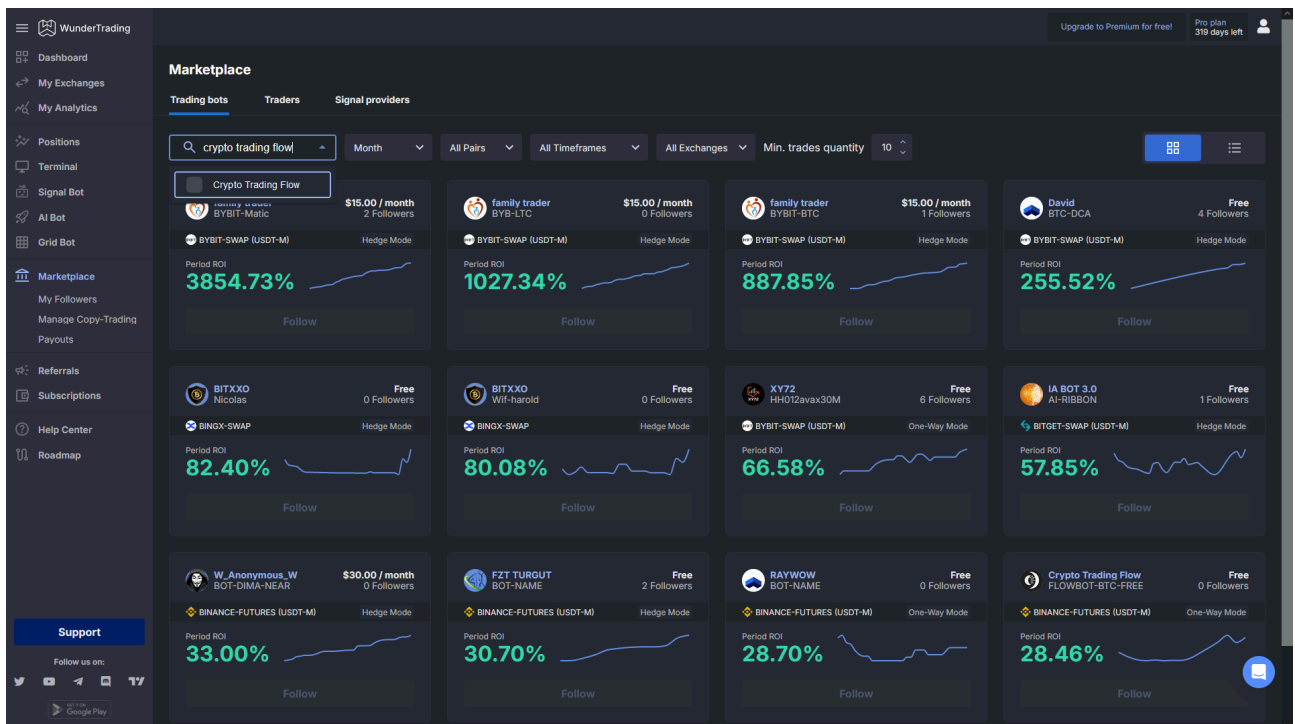

- Change your settings to match the settings in the orange box shown in the image above
- Select Isolated Margin Mode and 50x leverage

If you need help with Binance USDⓈ-M Futures Contracts check the following link:

<https://www.binance.com/en/support/faq/crypto-derivatives?c=4&navId=4#18-63>

CTF-BTC Copy-Trading

- Go to the WunderTrading marketplace and search for Crypto Trading Flow
- You can choose between the Free version and the Pro version
- You'll need to have the starter subscription to copy-trade the Free version and the pro subscription to copy-trade the Pro version

Everything should be set, welcome to the Crypto Trading Flow community!
